

Share your unique hashtag to populate SnapCast's dynamic social media wall with pictures and tweets from TapSnap, Twitter, and Instagram.

Display your real-time SnapCast slideshow on TV's* and projection screens around your venue to create interactive and captivating displays.

Broadcast your event to the world with your own event-specific URL so anyone, in any location, can follow along live.

Features

The Screen

Customize the banner to display your logo, hashtag, and background throughout the event. Choose your photo transition mode.

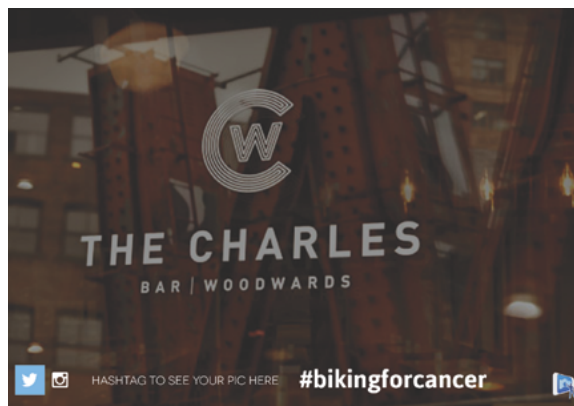

The Logo

Display your logo, monogram, sponsor, date, or cause.

The Hashtag

Your event-specific hashtag will populate SnapCast with all your great event moments.

The Album

Stream up to 50 pictures at a time in the live feed. Pin 5 of your favorites to stay in continuous rotation.

The Dashboard

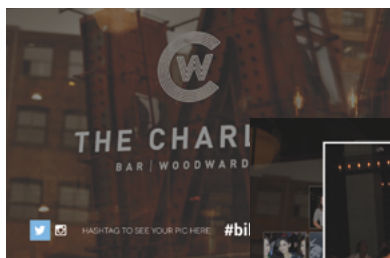

Review event photos here to approve them for the SnapCast slideshow.

The Exclusive URL

Remote guests can view your SnapCast slideshow and participate using your hashtag.
